

Solo Smoke Aerosols

A new range of choice

Changes in regulations mean that, by 31st December 2017, our Solo A3 smoke aerosol will no longer be manufactured – but we have a new range of Solo smoke aerosols, compliant with regulations and AVAILABLE NOW!

Introducing New Product Choices:

Approved and used worldwide, our Solo range is the industry's number one choice for functional testing of detectors. Stay compliant with new regulations by choosing from the new range of Solo smoke aerosols.

Detector manufacturer approved
Fully compliant with latest regulations
Safe formula – for user and detector
Compatible with the Solo 330 dispenser
